

PROJECT MAP

SCHEDULED CONSTRUCTION ACTIVITIES

Ongoing overhead and underground utility relocations will continue in Segments 1 through 8 along the VIA Rapid Green Line corridor. Intermittent lane and sidewalk closures are expected.

Scheduled construction activities will include relocation of water, gas, electric and communication lines. You may notice some excavation activity and construction equipment in the area as part of this process. Some of this work will occur during nighttime hours to minimize traffic disruptions and ensure safety.

This work is an important step in getting ready for the next phases of the project.

PLANNED ROAD AND LANE CLOSURES

You can expect temporary lane closures as utility relocations occur in the following locations:

- **Segment 1** | Roosevelt Avenue - from Steves Avenue to Eagleland Drive.
- **Segment 2** | St. Mary's Street - from Eagleland Drive to Cesar Chavez Boulevard.
- **Segment 3** | St. Mary's Street - from Cesar Chavez Boulevard to W. Quincy Street.
- **Segment 4** | St. Mary's Street - from W. Quincy Street to W. Ashby Place.
- **Segment 5** | San Pedro Avenue - from W. Ashby Place to W. Hildebrand Avenue.
- **Segment 6** | San Pedro Avenue - from W. Hildebrand Avenue to Basse Road.
- **Segment 7** | San Pedro Avenue - from Basse Road to Interstate 410.
- **Segment 8** | San Pedro Avenue - from Interstate 410 to Isom Road and Isom Road to Highway 281.

*Lane closures and detours are subject to change.
